Dear Homeowner

If you are worried and concerned about all the little maintenance jobs that need doing in your home then here's the solution you've been looking for.

Please let me explain...

My name is Ryan Bulger and I specialise in keeping folk's homes in tip-top condition.

*"Ryan handles all our maintenance issues and our ongoing programme of redecorating. We have been very pleased with the quality of his work."  
Michelle whoever, McIntyre Care Home, Aylesbury*

Your home is a valuable asset and worth much more if it is well maintained.

More importantly, your house is your home and so much more comfortable to live in when all the niggling little jobs are taken care of.

Let me ask you...

- Is the decoration in your home looking a little tired?
- Has your garden got a bit overgrown?
- Has your property been damaged in the recent storms and high winds?
- Do your gutters overflow leaving dirty stains on the fascias and the walls?
- Is your white gloss paintwork yellowing with age?
- Are there cracked or broken tiles in your kitchen or bathroom?
- Does your chimney need repointing?
- Do you want the outside of the house painted?
- Do you have broken fence panels in your garden?

If so, help is at hand...

*"I've never seen anyone work as hard as Ryan did when he cleared*

*our garden. I would certainly recommend him to anyone."  
Happy client, Aylesbury*

### **Why Should You Call Me?**

You know how some handymen turn up late or not at all, make a lot of mess and don't even do the job properly? Leaving you in a worse situation than before they started!

What I do is:

- Provide free written quotations within 48 hours
- Take pride in my work – if it's not done to your satisfaction I'll do it again
- Turn up when I say I will
- Clean up and remove all waste and debris from your home
- Provide my own tools and equipment
- And I'm fully insured for your complete peace of mind
